COMMEMORATING THE 85TH ANNIVERSARY OF THE LARGEST MILITARY ATTACK ON AUSTRALIAN SOIL.

19 February 2027 will mark the 85th anniversary of the bombing of Darwin during WW2.

10 weeks after the Japanese Imperial Forces bombed the US at Pearl Harbor, and 4 days after defeating the British at the Fall of Singapore, they turned their attention to Darwin, Australia.

This changed the war and the course of our military, cultural and national identity.

FEATURE DOCUMENTARY

The feature documentary started as a 10-minute ANZAC day TV segment on Channel 9. It was well received and is being developed into a feature documentary and education resource for schools.

EDUCATION RESOURCES

A curriculum aligned study guide for high schools, interactive AI avatars, Veteran Stories and school screenings will make it easy for this part of our national story to be taught in schools.

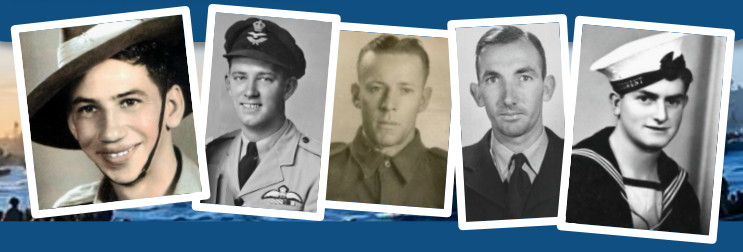

VETERAN STORIES

Remembering and celebrating the stories of the men and women who fought on Australian soil is long overdue and is the backbone of this project.

We will connect with their families, RSL Clubs and Sub-Branches, local communities, and military groups to collate their stories and honour their service and sacrifice.

This part of our military history should never be lost, and this project should have been made decades ago.

Their stories deserve to be told and retold.
We will remember them.

HELP TO BRING THIS STORY TO LIFE

"If we don't recognise our military history...their sacrifice will be lost."
- Capt. David Czerkies OAM, CStJ.
